About

Aspiring software developer seeking an internship for the summer of 2025 to enhance my programming skills. Passionate about learning new skills and technologies in a innovative and collaborative environment. A proactive team player who can also work independently.

Experience

Paws For Home

Python, HTML/CSS, Javascript

- A pet adoption platform built with Django, connecting shelters with adopters through a seamless, user-friendly interface. Designed with the MVC pattern, it includes features like chat messaging and efficient database management.

OnlyFit

HTML/CSS, PHP, Javascript

- A workout plan platform that connects personal trainers with clients seeking expert guidance in fitness and lifestyle. Built with PHP, it serves as a learning tool for mastering CRUD operations.

2D Adventure Game

Java (Java Swing, Java AWT)

- Developed a Java-based 2D adventure game to enhance OOP skills, implementing core mechanics like movement, NPC interactions, combat, inventory management, and save/load functionality with a modular, maintainable codebase

Skills & Competencies

Programming Languages and Algorithms

Software Development Practices

Problem-Solving and Analytical Skills

Communication and Collaboration

Adaptability and Continuous Learning

Technical Skills

Programming Languages: C, C++, Java, Javascript, Python

Technologies & Frameworks: Django, React

Databases: MySQL, Firebase, MongoDB

Software Development Concepts: OOP Programming, Relational Database Management Systems, Design Patterns

Version Control: Git, Github

Education

Bachelor of Science in Computer Science -Cebu Institute of Technology- University

August 2022- May 2026
(Expected)

University of San Jose - Recoletos

Graduated with Honors,
STEM TECH
June 2016 - July 2022
